General Comment

I really wish I didn't have to write an email or sign a petition to encourage the government to make decisions that will protect humans and the environment, but sadly that is not the case. Please knock it off with the glyphosate and do right by us. As a government employee myself, I work hard to serve the public and am ashamed that the agency mandated to protect the environment makes such foolish decisions. Please rescind the license for glyphosate Roundup.
